LED tactile switch Specifications

Overview

A tactile momentary switch with LED illumination. LED can be controlled independently of the switch. Size 12mm x 12mm.

Specifications

Rated Voltage	12	V
Rated Current	50	mA
Contact Resistance	≥ 100	M Ω
LED voltage	3	V
Travel	0.25	mm
Operating Force	160(± 50)	gF
Operating Temperature	-25~+85	$^{\circ}\text{C}$
